**DIFFERENTIATORS**

- We specialize in helping clients anticipate, recognize, assess, and control workplace hazards that can affect the health of employees, customers, communities, and their bottom line.
- Our personnel are experts in understanding local, state, and federal regulations, including OSHA and NIOSH, and multiple other agencies. Certifications include CIH, CSP, CHMM, and PMP.
- Fast and Flexible project scheduling and deployment
- We provide an outstanding customer experience, everyday excellence, and long-lasting relationships.

**CLIENTS**

QTS Group helps our customers develop and implement Safety Compliance Programs that are specific to their industry, mitigate unique hazards, and resolve task-specific exposures — all while meeting the requirements of state and federal regulations. We are also committed to delivering best-in-class exposure assessment and building services for our clients.

We tailor our offering to the individual needs of each client, and we strive to add value to our clients' processes through high quality EHS services. QTS Group combines exceptional customer service with site- and industry-specific expertise to ensure your safety and sustainable environment. Every day we do our best to earn the trust of our valued customers, employees and communities through integrity and compliance, privacy and security.

**CORE COMPETENCIES:**

**INDUSTRIAL HYGIENE AND OCCUPATIONAL HEALTH**
